

Beachcombers

Year 1 Home Learning

1) Ask friends and family what their favourite flavour of ice-cream is. Find a way to record your results eg tally chart, bar graph, pictogram etc.

2) Use your information from task 1 to design the 'ultimate' ice-cream. What would it include? Would it have toppings or sauce?

Make sure your picture is detailed.

3) Visit the seaside with family or friends. Take photographs of what you do and use them to make a diary about your day.

4) Use some of the shells, rocks etc you collected from the beach to make a

seaside in a jar/box.

5) Create your own fish and chip shop menu including prices. Practise using real coins to pay for things from the menu. Can you give change?

6) Are all beaches the same? Research 2 beaches, either local or from far away. How are they the same? How are they different?

You could ask family/friends, use the internet or look at travel brochures.

7) Create a friendly sea creature. Draw a picture and describe it using adjectives.

8) Your own idea.....

Please complete 4 pieces of Home Learning before Monday 15th July 2019. Also, please read 4 times a week. Thank you.
