

Is anyone out there?

Year 1 Home Learning

<p>1) Be a Scientist;</p> <p>Research one of the planets in the Solar System and write some facts about it.</p> 	<p>2) Be a Historian and a Geographer;</p> <p>Only 12 astronauts have ever walked on the moon. Can you find out their names? Which country did they come from?</p> 	<p>3) Be a Mathematician;</p>  <p>Write the numbers 0-20 as words and draw a representation of the number.</p>	<p>4) Be a Linguist;</p> <p>Learn to read and spell these question words. Can you write a space related question using each one? (Don't forget to use a ?)</p> <p>What? Why? Where? When? Who? How?</p>
<p>5) Be an Artist;</p> <p>Look at different paintings by Vincent Van Gogh. This one is called 'Starry Night' Choose one of his paintings to recreate in any way you choose. Why do you like that particular painting?</p> 	<p>6) Be a Scientist;</p> <p>Make a balloon rocket and try out some of the experiment questions at the bottom of the page.</p> <p>https://sciencebob.com/make-a-balloon-rocket/</p> 	<p>7) Be a Dancer;</p> <p>Pretend you are an Alien and you have just spotted some underpants from your spaceship. Fly your spaceship down to Earth and do an excited dance to show how happy you are. Ask someone to film your dance and upload it to Tapestry.</p> 	<p>8) Your own idea.....</p>

Please complete 4 pieces of Home Learning before **Monday 10th February 2020.**

Also, please remember to read at least 4 times a week. Thank you.
