

Monday: topmarks

Go to topmarks and play the caterpillar game

<https://www.topmarks.co.uk/ordering-and-sequencing/caterpillar-ordering>

Reception Summer Term Maths

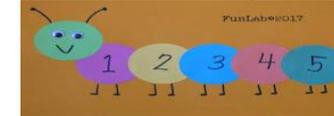

8.06.2020

Please aim to do **one** Maths task per day. They can be completed in any order unless stated. Please upload onto Tapestry and title it e.g. Maths Week 4 Subtraction.

Tuesday: caterpillar numbers

Draw or make some caterpillars from paper circles and number their body sections.

Now talk about how many body parts would there be if there was one more or one less? Look at adding more, explore adding different amounts. How big is he now? For example, if we use the language of first, then, now. First, he had 8 body pieces, then we added 2 more, now he's got 10! Now use his legs to count in 2s

Wednesday: Caterpillar Lunch

The hungry caterpillar eats far too much. Have some fun working out how many things he ate on 2 different days! Combine groups to make a lunch for a growing caterpillar.

Start with combining the fruits. For example plums and apples. Could you add 3 groups? Could you add in some of the other food? Then take this further and discuss which days you want to combine! For example how many pieces of fruit would he eat if he ate on Wednesday and Friday?

Thursday: Favourite fruit

Make a list of your favourite fruits. What will be number 1? Could you work out which fruit is the most popular in your house? Which fruit will be the winner? Which fruit is the least popular? You could use tally marks, or numbers to keep count.

Friday: Time

We should be getting good at our days of the week now with our special song. What day did the Hungry caterpillar come out of the egg? Can you make a plan of your week this week?

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday

What did you do yesterday? What do you plan for tomorrow?
