

Where do these plants live? Is their habitat the **ocean**, the **desert** or the **woodland**?

Draw the habitats

Ocean

Desert

Woodland

Then cut out the plants and stick them in to the habitat you think they can survive and live in.

Explain the reasons why you chose the habitat that you did for the plants. You can tell your adult.

You don't need to write anything.

Oak tree

Kelp

Fern

Sea grass

Coralline algae

Bluebells

Prickly pear cactus

Aloe vera

Crocuses

Seaweed

Ivy

Palm tree

Silver birch

Coral

Cactus

Mushrooms
