

### Numeracy

This half term we will be continuing with multiplication and division and the children will be able to make links between the two.

We will then move on to Measurement where we will look at measuring length and height, temperature, mass and Capacity.

### English

This half term we will be becoming explorers and writing a poem about our beautiful planet inspired by the book Dear Earth. We will then write a travel guide to visit the Amazon Rain Forest.

### RE

We will be looking for and thinking about religion around us and what Christians remember about Easter.

### Science

This half term we will be learning about Animals. The children will be able to order simple food chains, labelling predator and prey, Carnivore, herbivore and producer and explain how they work. We will be looking closely at the animals that live in the Amazon Rainforest.

### Computing

Our focus this half term is on organising data. The children will have a go at creating a Rainforest Spreadsheet!

# Our Wonderful World

## Year Two, Spring Term 2

### Geography focus

The children will be learning about the seven Continents and five Oceans in the World. We will be focusing closely on the Amazon Rainforest in South America and the children will be learning about and comparing the weather patterns.

### Music

Music sessions this half term will be led by Music Specialist Judith Williams. The children will be continuing with their work around 'The Magic Flute'.

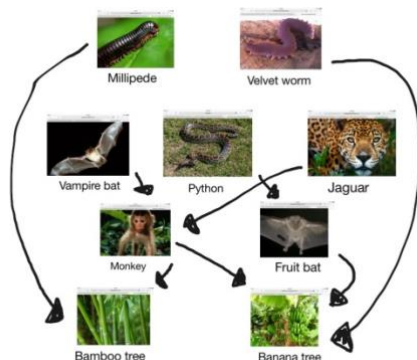

### Art & Design

We will be designing and making an all-terrain vehicle that could be used in the Rainforest.

### PSHE

Our unit this half term from the JIGSAW Programme is 'Healthy Me!'

### PE

The focus for this half term will be Striking and Fielding Games.
