

## Monday

### Methods of communication

At the moment we are communicating differently with our family and friends.

Create a picture of how we communicated with our families in the past and another one of how we communicate with them now.

What has changed?

Do you like it?

Why/why not?

You could share your feelings in the picture, write a passage or talk about it in a video.

## Year 2 Summer 2: Week 3 Dragons Communication

We are continuing to look at dragons as our main topic. However, in English our current book (starting from Monday) will be 'Dragon post', a book based around letters.

Hence, we will be looking at communication in topic this week!

## Thursday

After looking at the history of the telephone, in Wednesday's task, we are going to create our own string telephone.

Watch this video to re-introduce and show you the method of making your own string telephone

<https://www.youtube.com/watch?v=3yqB2KFwJC>

Create your own string telephone!

(Adult help may be needed)

Photograph it or video yourself using it!

Why was the string telephone used?

How did it inspire Alexander Graham Bell?

Can you see any similarities between this and telephones?

## Tuesday

### **Internet safety**

We are using the internet more than ever to keep in touch with our friends and family.

What rules should we follow to keep ourselves safe when using the internet and playing games online?

You could make a list, a poster, a picture or an instruction video!

## Wednesday

Find out about the history of the telephone.

This video/song is useful to introduce the idea:

[https://www.youtube.com/watch?v=J4LOx\\_e2R4o&t=21s](https://www.youtube.com/watch?v=J4LOx_e2R4o&t=21s) and  
<https://www.youtube.com/watch?v=5aRJ7ZY4hpM>

Create a timeline showing us when it was invented and how it has changed over the years.

There is a PowerPoint for the children to look through and discuss with you in the attachments.

## Friday

How do blind people and deaf people communicate?

Find out about Louis Braille.

What is Braille?

Why is it so important to blind people?

Tell us about Braille (could be in a video, written text, poster or a picture).

Try and write your name in Braille.

Could you also try and learn some sign language?  
You could send us a video of you doing some key phrases in sign language.
